Senior Center Updates September 2026

September 11, 2026, marks 25 years since the tragic attacks of September 11, 2001. On that day, nearly 3,000 people lost their lives, and countless families, communities, and first responders were forever changed.

Twenty-five years later, we continue to remember the victims and honor the firefighters, police officers, emergency workers, and ordinary people who showed incredible courage during and after the attacks. Memorials across the country remind us of the lives that were lost and the strength shown by those who came together to help one another.

The 25th anniversary is a time to pause, remember, and reflect. While the events of September 11 changed our country forever, the stories of courage, kindness, and unity continue to be remembered by generations today.
